JEOPARDY Q. PACK

WALTERS SOFTWARE CO.
JEOPARDY QUESTION PACK
INSTRUCTIONS
COPYRIGHT (C) 1986

1. Turn on your ADAM computer.
2. Load JEOPARDY into a drive and hit computer reset.
3. When the smart keys ask,

```
-----  
| ARE YOU USING A   |   V   |   VI  |  
| QUESTION PACK ?  |   YES  |   NO  |  
-----
```

Push the yes key.

4. The smart keys will change and ask what drive.

```
-----  
| SELECT DRIVE     |   III  |   IV  |   V   |   VI  |  
| FOR QUESTION    |   TAPE |   TAPE |   DISK |   DISK |  
| TAPE OR DISK   | DRIVE 1 | DRIVE 2 | DRIVE 1 | DRIVE 2 |  
-----
```

Push a key to select the drive you wish to use for the question pack

5. The smart keys will change again and tell you to,

```
-----  
| PLEASE INSERT DATA (TAPE OR DISK) |   V   |   VI  |  
| IN DRIVE # AND PRESS DONE          | SELECT | DONE  |  
| OR SELECT ANOTHER DRIVE           | DRIVE  |      |  
-----
```

Load the question pack in the drive # and push the (DONE) smart key.

6. The drive should run and the game should begin in a few seconds. If not check to see that you loaded the question pack in the drive you chose. If it still will not run start at the beginning and try again.

7. If you have any problems feel free to contact us, if by mail please include a SASE.
